Library Services	Library (please see the link below)	X
** I1 and I2 MBA are self-funded programs. Starting with the fall 2011 semester, these students will be paying the required student fees which will make them eligible to all the services indicated by an "X" above.		
Although the above-mentioned student services are available to the I1 and I2 MBA students, by virtue of the fact that, these students come to campus once every four months, they are not likely to take advantage of many of these services.		
At the beginning of the program, the MBA Programs Office conducts a live orientation session in which students are informed of the services available to them and how they can take advantage of the student services opportunities. The MBA Programs Office has four full-time employees in the Working Professional Student Services function. These are: a director, an associate director and two staff members.
